of Good Reds, Whites and Roans!

* * * * *

The first Hawkeye Downs Polled Shorthorn Sale, April 26, 1946, was organized by the present manager. Excepting 1949 Polled Shorthorns have been sold at Hawkeye Downs each year. Starting in 1951 they have been sold twice a year and in varying numbers.

The first Hawkeye Downs Shorthorn Sale, September 25, 1953 was organized by the same sale manager and beginning 1954 Shorthorns have been sold twice each year.

Note the changes since 1946: Roads, availability of seed stock and especially the great increase in sale expenses. We must have between 50 and 60 head to have separate sales. There is no formal organization for the Hawkeye Downs Sales. The sale manager asks the possible consignors for their entries and opinions and works from there. A sale committee is appointed to assist.

In 1957 the men with the cattle voted for a joint sale but with separate identity for each branch. Nearly all the consignors like the joint sales, when necessary, since the per head sale expense is lower, they draw larger crowds, more enthusiasm, more buying power and often a buyer takes home cattle of both branches.

Last September 12th we sold 80 Lots of Polled Shorthorns. Then on September 19th we sold 54 Lots of Shorthorns - we believe at the highest average of any consignment sale east of the Missouri.

On March 19th we offer 78 Lots in a Joint Sale. We invite you to be our guest at this sale.

PLEASE NOTE: We will have a dinner meeting at 6:30 the evening of March 18th at Bishops Cafeteria in Cedar Rapids. Simply go thru the line and when you get to the end of the line ask: "Where is the Shorthorn Cattlemen's dining room"? They have reserved a separate dining room for us. We invite people who are interested in our kind of cattle to dine with the consignors and managers that evening. I will stop at Hotel Allison, next door to Bishops the night before the Sale.

ROMADON BEAUTY 100TH - Here is a sweet red, 2 year old heifer, with a real January 2, 1960 heifer calf at foot. The calf by Whitehall Argonaut, one of the best bulls in the 1957 Int'l Sale. The calf is just a sample of the Whitehall Argonaut calves in our herd. 6 of his calves went for 4-H club steers at a avg. price of \$.80 per lb. This calf will be just the right age for a purebred 4-H heifer next year. Here is a pair we do not like to sell but know will do good for the buyer. Calfhood Vacc.

CEDARVALE AUGUSTA 10TH x - A well bred heifer from the Augusta family. A very good type heifer that is thick and low set, should develop into a good brood cow. Calfhood Vaccinated. Sells Open.

The owner of the following four junior heifer calves delegated the sale manager to write the footnotes for them. Not having seen the heifers we cannot write about them individually. They do come from one of Iowa's oldest herds of P. S. H. -a herd well known for the prolificacy of its matrons. They are all sired by Royal Rothes-probably the smoothest bull used in this herd. Three of the heifers are from dam's sired by Royal Guard, a \$1000 son of Alauna Lord Collynie and the fourth from a dam by Cherry Hill Ballard by Collynie Compact. Two are from the Clara family that has done so well and the other two from the Ruth family coming from the L. W. Lovell herd. In the past Kester's entries have come to the sales in ordinary breeding condition and ready to go out and to develop into good cattle for their buyers. Maybe some young chap could buy one or up to all of these young heifers for Club work and start a purebred herd for himself.
